MVHS Laboratory Services

Mohawk Valley Health System (MVHS) Laboratory Services provides high quality and accurate testing to the Mohawk Valley.

The MVHS Laboratory Services is dedicated to providing high quality, cutting-edge laboratory and pathology testing to our surrounding community and healthcare partners with caring, experienced professionals and personalized service.

Our Services

MVHS Laboratory Services provides comprehensive, multispecialty clinical laboratory and pathology services. We offer a variety of services to help you and your physician better manage your health and treatment decisions. We pride ourselves on providing patients with the following:

- Multiple patient service centers open to the public
- Weekend and evening outpatient hours
- Highly skilled staff
- Participation with most insurances
- Fast results with electronic portals
- State-of-the-art testing equipment
- Integrated medical records
- Accept any lab's requisition from any provider.

Primary Reference Laboratory

MVHS Laboratory Services utilizes Mayo Clinic Laboratories for its esoteric reference testing needs. In conjunction with support from Mayo Clinic Laboratories, MVHS Laboratory Services recently undertook an evaluation of the best practices and processes necessary for optimizing and expanding the critical aspects of its outreach program.

Understanding Your Lab Tests

To better assist patients and caregivers in understanding the clinical significance of lab tests ordered and what the results mean, visit mayocliniclabs.com.

The website is designed to help patients and caregivers understand the many lab tests that are a vital part of medical care.

Accreditations

Our laboratory is accredited by the New York State Department of Health's Clinical Laboratory Evaluation Program (CLEP) in the following categories:

- Bacteriology
- Blood Services
 - Transfusion
- Blood pH and Gases
- Clinical Chemistry
 - Gynecological Testing
 - Non Gynecological Testing
- Diagnostic Immunology
 - Diagnostic Services Serology
- Endocrinology
- Hematology
- Histopathology
 - General
- Immunohematology
- Mycobacteriology
- Mycology
- Oncology
 - Soluble Tumor Markers
- Parasitology
- Toxicology
 - Clinical Toxicology - Qualitative Testing Only
- Virology.

Lab samples taken from any of the MVHS Laboratory Patient Service Centers are processed and most are tested right at the St. Elizabeth Campus with state-of-the-art equipment and clinical expertise.

Why choose hospital-based services?

Using a hospital-based lab supports a wide variety of community-based programs through hospital services, including cancer and diabetes support, childbirth classes, fitness/well-being and health management.

Support of the community laboratory contributes to the local economy by retaining healthcare dollars in the area, which retains and creates professional jobs.
