

Just the Facts

THE WYNN HOSPITAL

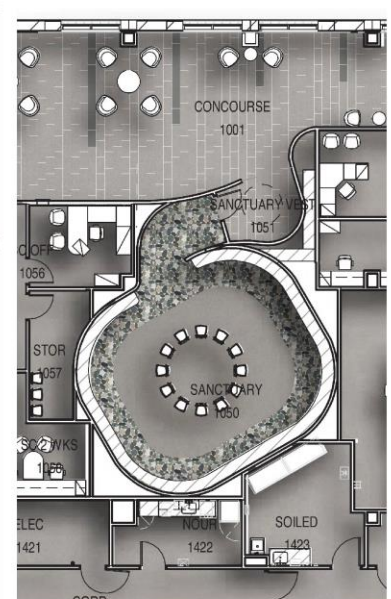

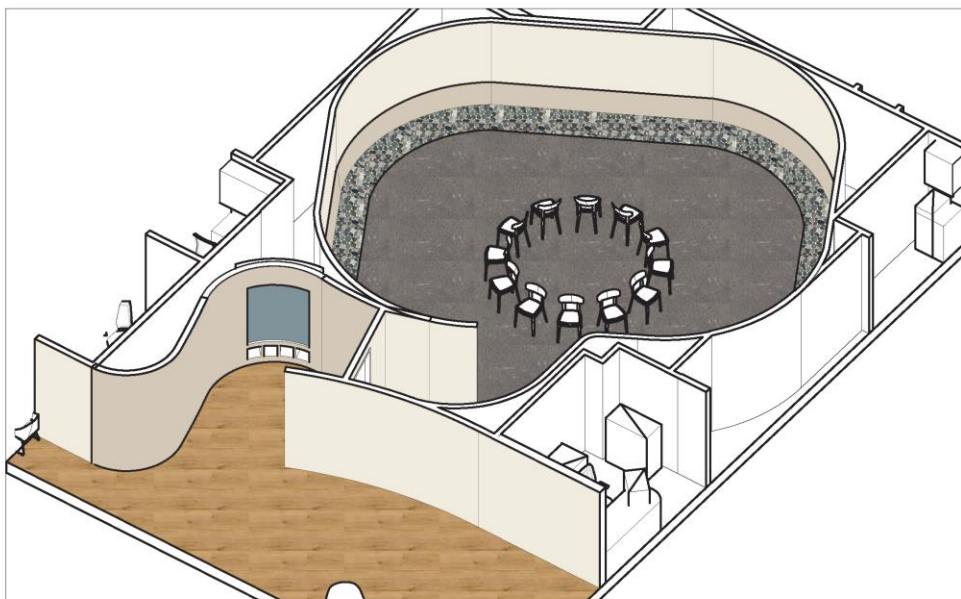

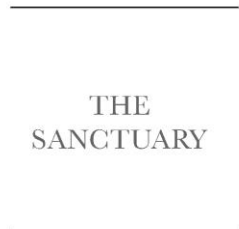

Each week, "Just the Facts" provides information about a key aspect of The Wynn Hospital being built by Mohawk Valley Health System (MVHS). It is designed to keep our medical staff, employees and volunteers updated and to share with family, friends and neighbors so we keep our community informed about how we're transforming healthcare in our region.

TOPIC FOR TUESDAY, FEBRUARY 15, 2022:

Can you tell me more about the Sanctuary for The Wynn Hospital? Have they started construction on it?

The Sanctuary in The Wynn Hospital will be a place for quiet reflection for patients, family members, and staff. As our community is one of cultural and religious diversity, the Sanctuary will also replace the traditional Chapel that typically exists in Catholic hospitals. In keeping with the non-denominational theme, the room itself is designed with rounded corners as opposed to feeling like just another room, and is designed to be a flexible space that can be utilized by different groups. The Sanctuary is located on the first floor along the North Concourse, between the Main Entrance and the Emergency Department (ED), as the ED is typically a department that sees a lot of people experiencing significant distress, whether physical or emotional. The Sanctuary is being named in honor of past chair of the MVHS Board of Directors, Bonnie Woods.

Construction has started on the Sanctuary, and below are pictures of the progress.
