

Just the Facts

WYNN HOSPITAL

Each week, "Just the Facts" provides information about a key aspect of the Wynn Hospital being built by Mohawk Valley Health System (MVHS). It is designed to keep our medical staff, employees and volunteers updated and to share with family, friends and neighbors so we keep our community informed about how we're transforming healthcare in our region.

TOPIC FOR TUESDAY, AUGUST 16, 2022:

Has work started on the parking garage next to the Wynn Hospital?

Yes! The final buildings within the site of the new parking garage footprint have been acquired, and Gilbane and its subcontractors have been working diligently to remove these buildings and prepare the site for construction.

The new, five story parking garage is being constructed by Oneida County. MVHS will have access to a portion of the garage for hospital parking with 1,330 spaces (70 emergency, 264 visitor and 996 employee spaces). Hospital parking in the garage is in addition to several parking lots that are being completed in the next year to ensure parking requirements for the project are met. MVHS, Gilbane, Oneida County and affiliates meet regularly to coordinate efforts for the garage to ensure its completion for the Wynn Hospital's opening day.
