

Just the Facts

WYNN HOSPITAL

Each week, "Just the Facts" provides information about a key aspect of the Wynn Hospital being built by Mohawk Valley Health System (MVHS). It is designed to keep our medical staff, employees and volunteers updated and to share with family, friends and neighbors so we keep our community informed about how we're transforming healthcare in our region.

TOPIC FOR TUESDAY, NOVEMBER 15, 2022:

Did the winners of the Build a Hospital Contest ever get to tour the Wynn Hospital?

Yes! Seventh and eighth graders from Westmoreland Central School won honorable mention for their participation in last year's Build a Hospital Contest held as a part of Women in Construction Week. Last week, these students came to the Wynn Hospital Construction Offices and participated in workshops held by NBBJ (healthcare design in architecture), Cama (evidence-based healthcare interior design) and Gilbane (3D modeling and VR by Jonathan Struthers with GBC-goggles graciously provided by Autodesk). The students also took a tour of the site and learned about site safety. It was a great day and a special thank you to Hisa Zhu from Hammes for coordinating and organizing!
