

Just the Facts

WYNN HOSPITAL

Each week, "Just the Facts" provides information about a key aspect of the Wynn Hospital being built by Mohawk Valley Health System (MVHS). It is designed to keep our medical staff, employees and volunteers updated and to share with family, friends and neighbors so we keep our community informed about how we're transforming healthcare in our region.

TOPIC FOR TUESDAY, MARCH 7, 2023:

Delivery of IT Equipment

As we move closer to the opening of the Wynn Hospital in October of this year, we continue to receive equipment deliveries which are stored until they can be placed in the hospital as construction is completed.

Over the past few months, the IT Equipment for the Wynn Hospital was delivered and securely stored. The equipment consists of all the essentials needed to get IT systems in the Wynn Hospital up and running.

The MVHS IT team has worked diligently to unpack and tag the equipment so that it will be ready to move into their space once construction is complete where it will be kept until it can be installed in the hospital.
