

Just the Facts

WYNN HOSPITAL

Each week, "Just the Facts" provides information about a key aspect of the Wynn Hospital being built by Mohawk Valley Health System (MVHS). It is designed to keep our medical staff, employees and volunteers updated and to share with family, friends and neighbors so we keep our community informed about how we're transforming healthcare in our region.

TOPIC FOR TUESDAY, APRIL 25, 2023:

Wynn Hospital Exterior Work

With the warm weather approaching, the site is undergoing several noticeable changes. Gilbane has continued work preparing curbs and sidewalks as well as resurfacing Columbia Street.

Along the Central Utility Plant, from Broadway to Cornelia Street, subgrade has been laid to prepare for the final paving of Columbia Street. The street is expected to be completed and turned over in July.

Snow melt systems have been installed in front of the EMS, Emergency Department and main entrances.

Curbs and sidewalks are becoming more defined with granite curbing around the perimeter.

The north side parking lot is halfway completed.

It's so exciting to see all the progress that has been made as we get closer to opening day!
