

# Just the Facts

WYNN HOSPITAL

Each week, "Just the Facts" provides information about a key aspect of the Wynn Hospital being built by Mohawk Valley Health System (MVHS). It is designed to keep our medical staff, employees and volunteers updated and to share with family, friends and neighbors so we keep our community informed about how we're transforming healthcare in our region.

## TOPIC FOR TUESDAY, AUGUST 1, 2023:

### *Orientation to the Wynn Hospital*

Yesterday kicked off our "train the trainer" sessions at the Wynn Hospital. These sessions are the first staff orientations for the new building. Representatives from each area were identified as trainers for MVHS employees and medical staff once general orientation starts in September. This week started their training for the building.

Over the next three weeks, the trainers will walk through the hospital and their departments to validate the "day in the life" plans they put together for the staff along with the patient flows. This time is being used to focus on understanding the different spaces and how they connect to other areas in the hospital. Further training on equipment and technology will take place this fall with the vendors.
