

Just the Facts

WYNN HOSPITAL

Each week, "Just the Facts" provides information about a key aspect of the Wynn Hospital being built by Mohawk Valley Health System (MVHS). It is designed to keep our medical staff, employees and volunteers updated and to share with family, friends and neighbors so we keep our community informed about how we're transforming healthcare in our region.

TOPIC FOR TUESDAY, SEPTEMBER 5, 2023:

Has the fencing around the Wynn Hospital started to come down?

Yes! The fencing that surrounded the Wynn Hospital while under construction has started to be removed. This is a great indication that we are getting close to wrapping up construction and will be a soft introduction of the area to the public. Gilbane will continue to barricade the roads around the Wynn Hospital as they are still closed. However, with the removal of fences, landscaping can now be finalized and entrances for MVHS staff who are coming to the site for building orientation can be set. MVHS is working with Securitas to provide 24/7 security at the Wynn Hospital as we approach opening day on October 29, 2023.

General orientation for staff to the Wynn Hospital began this morning at 6 a.m.! Interventional Radiology was the first group to receive their training.
